

## OXY SAL UV Powerhead Warranty

**The Oxy-Sal Powerhead had been manufactured and tested to the highest international standards. If a failure is found to have been caused by faulty workmanship or materials supplied by the manufacturer, we proudly offer a one-year return warranty on the electronic components.**

The following conditions apply:

- The defective UV Powerhead must be returned to the manufacturer or dealer as soon as the purchaser becomes aware of the defect.
- Operating the Powerhead outside of the recommendations and requirements supplied by the manufacturer will void the warranty. This includes using the incorrect voltage or water pressure in the system.
- Upon arrival, the equipment will be examined by the manufacturer or dealer. If the item is found to be defective, it will be repaired or replaced by the manufacturer free of charge.
- Ancillary parts not manufactured by Oxy-Sal are subject to the warranty supplied by those manufacturers.

All freight costs associated with the return of the UV Powerhead are the owners responsibility
